

No. 1633
INDEX TO VOLUME 39

NOTE

Names of authors and discussers, also those of deceased members preceding an obituary notice, are in caps and small caps. A discusser is distinguished from the author of a paper by (D), placed after the name of the paper.

2 Titles of papers, where placed after the name of the author, and appearing in their exact form, are in italics. Papers are indexed not under their titles but under their subject-matter.
